Cynthia – I don't have them handy and I will have to ask the SAMs. Rob Parker Nonresponsive is very busy right now so it may take a bit of time for him to get to this. Ryan Dunham has the Utah site. Johanna

Hi, Johanna.

During our last EJ meeting, I remember you mentioning that as part of site assessment, you might have already gone through an EJ screening process for Nonresponsive Nonresponsive Libby as asking for the EJScreen printout for those sites. If you have them handy, could you forward them along to me?

Thanks!

Cynthia

Hi All,

Attached is an example EJ Screen report that I'd like pulled for the below sites. Please get with Bill and pull this information from the EJ Screen tool. If you need assistance from the EJ Program April is the POC. If you have already pulled this type of report for the below sites please send me a copy. Let me know if you have any questions. Thanks, Libby
